Yo La Tengo has lit up the indie scene for three decades, part of an underground revolution that defied corporate music conglomerates, eschewed pop radio, and found a third way. Going behind the scenes of one of the most remarkable eras in American music history, Big Day Coming traces the patient rise of husband-and-wife team Ira Kaplan and Georgia Hubley, whoâ€™over three decadesâ€™helped forge a spandex-and-hairspray-free path to the global stage, selling millions of records along the way and influencing countless bands. Using the continuously vital Yo La Tengo as a springboard, Big Day Coming uncovers the history of the legendary clubs, bands, zines, labels, record stores, college radio stations, fans, and pivotal figures that built the infrastructure of the now-prevalent indie rock world. Journalist and freeform radio DJ Jesse Jarnow draws on all-access interviews and archives for mesmerizing trip through contemporary music history told through one of its most creative and singular acts.Music, Big Day Coming Jesse Jarnow, Music, Penguin, <http://louisstowasser.com/content/Rob+Berends.pdf>
